

### **REMARKS**

To supplement the arguments presented in the amendment filed May 18, 2009, Applicants further submit that *Malik* does not claim the benefit of any provisional. More specifically, despite indicating priority in the published application, the attached documents (*i.e.*, the original filing receipt, the corrected filing receipt, the first page of the application, and the request to correct filing receipt) clearly indicate that priority was never claimed in *Malik*. For at least this additional reason, *Malik* is not prior art and claims 1 – 20 are allowable.

If, in the opinion of the Examiner, a telephonic conference would expedite the examination of this matter, the Examiner is invited to call the undersigned attorney at (770) 933-9500.

Respectfully submitted,

/afb/
